Attached to this form is a description of the stage crew organization, its' rules and what is expected from each member. Read it. Ask a guardian to read it. Both you and that guardian must sign the permission slip on the back of this application. Return only this page to Mr. Lamirand (D144) before participating in any Stage Crew activities.

## **Parent/Guardian Permission Form**

**Warning.** Parent and student should note that the nature of technical theatre can be very physical and often dangerous. It may involve working with power tools, handling high output electrical equipment and/or climbing tall ladders. It is imperative that the stage crew member is able to follow directions explicitly and has the ability to communicate with peers. The stage crew member must be able to work as a member of a highly complex team. The stage crew member will be working with tools/equipment with the capacity to seriously injure. Therefore, while working backstage or in the scene shop, the stage crew member must be highly aware of what is going on around them.

**We have read the above information and are aware of the potential danger involved with Stage Crew participation.**

\_\_\_\_\_ has my permission to  
(printed student name)  
**participate in the activities of the NC Stage Crew.**

## **What is Stage Crew?**

The North Central High School Stage Crew is a service club that provides all technical assistance in scenery, lighting, sound, properties, wardrobe and makeup for plays produced in the auditorium and in the Performing Arts Classroom. We also provide tech support for Performing Arts Department concerts. The Stage Crew responsibilities are divided into two *general* crews: **production** and **run**.

**Production crews** work on one or more of the 4 plays produced by the Performing Arts Department. The production crew puts the show together, but does NOT work the performances. They work on the technical elements needed for the play. they build the scenery, hang the lights, record the sound, sew costumes, etc. To be a part of the NC Stage production crew, all you have to do is attend shop calls. Shop calls are work sessions that happen after school, in the weeks leading up to the play's performances. Shop calls usually occur 2 – 4 times a week from 2:50pm until 5:00pm on Tuesdays – Fridays; 3:30pm – 5:30pm on Mondays. A complete calendar of shop calls can be found on the door to the scene shop, D145. You can also see a complete calendar on our web page:

<http://www.northcentraltheatre.org/play-a-part/stage-crew>

**Run crews** run the actual performances in the Auditorium and Performing Arts Classroom. The run crew consists of people who run lighting, sound, scenery, properties, costumes, makeup and hair. They RUN the show. Their jobs include: moving the scenery on and off-stage, running the light board, mixing the sound, assisting with costume changes, placing the properties where the actor needs them, flying scenery in and out, setting off pyrotechnics, spewing fog, following actors with spot lights, etc . For each of the 5 largest productions of the year (Fall Musical, Fall Play, Jr. Spec., One-Act Plays, Spring Play) the time commitment is about 7 days after school (and on Saturdays). Students on a run crew are expected to attend all technical rehearsals and performances. You must turn in a Run Crew Application to get on a run crew. Run crews for all other events (concerts, etc.) are chosen on a first come, first served basis. There is a sign up sheet posted on the door to D145 for volunteering to work one of those events.

*You may work on either a production crew or a run crew. You may work on one crew for one show or both crews for all shows or any combination thereof. The number of crews worked is dependent upon your desired level of commitment.*
